## Objective

*I am seeking an opportunity to work remotely as a Junior Front-End Developer, where I can utilize my skills in web interface development and actively improve my technical knowledge and experience within a team of professionals.*

## EDUCATION

***I graduated from the STFK department of NUHT with a degree in Automation and Computer-Integrated Technologies in 2021. After that, I completed my studies at Cherkasy State Technological University (ChSTU) with a degree in Automation, Computer-Integrated Technologies, and Robotics in 2023. Currently, I am pursuing a Master's degree in the same field. I have also completed the SCS-P2P course from the Sh++ school [link to diploma](#) and am currently studying in the Sh++ school's Front-End course, focusing on JavaScript, TypeScript, and React.***
